## Branch Updates

### Terrace Branch

The Terrace CWIT ran their 14<sup>th</sup> Annual Christmas Bazaar where they raised money for a local science fair for kids. They also helped to spread the Forestry Message by donating copies of Patrick Moore's latest book and video to the local high school and community libraries.

### Prince George Branch

The PG branch continues to run their Sharing Our Forests program. This program is offered to students in Kindergarten to Grade 3 in cities across the Northern Province. The lesson plan covers Forest Users, Forest Management, Tree Life Cycle, Harvesting, and Forest Products. They included older students in their message by attending a local Career Fair for high school students. As hosts to this past CWIT AGM the PG branch was proud to bring Forest Minister de Jong to give the luncheon keynote presentation.

### Shuswap Branch

Ann and Betty-Ann provided tours of the ILA Forestry Van and spoke about the industry to participants at the International Lions Convention in Whistler, the Salmon Arm Fall Fair Parade, and the Truck Loggers Convention in Vancouver. They gave Festival of Forestry teachers a guided tour of the ILA van, and presented to over 350 kids in classrooms in their community.

The Canadian Women in Timber have a provincial board of directors as well as independent branches located in Terrace, the Shuswap, Prince George, William's Lake and Vancouver. Some branches are more active at times than others. Here is a sampling of some of our local branch activities.
